PROFILE

Third-year student majoring in Information Technology at Saigon University, with a solid foundation in programming and software development. Passionate about learning and eager to apply knowledge in practice, I have participated in and led several programming projects such as the CarMaster car dealership management application. With strong teamwork and communication skills, I am seeking an internship opportunity in a professional environment to further develop my skills and contribute to the success of the company.

WORK EXPERIENCE

Project: CarMaster

2024

Role: Team Leader

- Led a team to develop a car dealership management application with user role permissions (admin, sales, inventory).
- Designed the database schema and implemented backend functionalities.
- Conducted system testing and made improvements based on user feedback.
- Collaborated with team members to ensure project deadlines were met.

Freelance Projects

2023 - Present

Role: Developer

- Developed small applications and tools using Java and Python for various clients.
- Assisted in debugging and optimizing existing code for performance improvements.
- Gained experience in client communication and project management.
